

DOORS WITHOUT COMPROMISE

SECURE COMPOSITE DOORS

 **BUILT 2
ORDER**

INTRODUCTION

At Built 2 Order, we provide a comprehensive range of premium composite doors designed to suit every home. From timeless traditional styles to sleek contemporary designs, our collection offers a door for every taste and property.

Our doors are engineered for exceptional performance. At 48mm thick—almost 10% thicker than standard alternatives—they offer enhanced strength and security. Each door features a TriSeal frame system for superior weatherproofing and a cross-laminated Albasia Falcata timber core, providing excellent thermal efficiency and durability.

Designed for lasting quality, our doors require no painting or varnishing and are fully protected by advanced CoolSkin technology, ensuring resistance to extreme temperature changes without warping, cracking or fading.

With a leading U-value of 1.4 W/m²K, our composite doors help reduce heat loss and energy costs while improving home comfort.

WE'LL BEAT ANY LIKE-FOR-LIKE QUOTATION!

We're committed to giving you the best value for your money. If you find a like-for-like quotation from another company, we'll beat it — ensuring you get premium quality windows and doors at the most competitive price.

WHY CHOOSE OUR COMPOSITE DOORS?

- Over 250 colour combinations inside & out
- 48mm solid timber core
- Outstanding weather resistance
- Low maintenance, long-lasting finish
- Outstanding 1.4 W/m²K u-Value
- Highly advanced secure locking system
- Chamfered or sculptured frames
- All locks compliant to PAS-24: 2016
- ABS security cylinder as standard

CERTASS

Certass was set up in 2006 and is a Competent Person Scheme that regulates the double glazing industry. Its main function is to ensure that double glazing installations follow Building Regulations and also protects the buyer's interests and installation quality.

We follow strict installation standards set out by Certass and have extent knowledge about local building regulations because of both of these your installation will be completely compliant with regulations and extremely high quality. As members of the Competent Person Scheme, we will issue you with a certificate of compliance once your installation has been complete.

SECURITY LOCKED IN....INTRUDERS LOCKED OUT

COMPLETE SECURITY

Our Composite doors are fitted with the very latest in auto-fire multi point lock engineering. This multi deadbolt auto-fire lock has been rigorously tested to over 50,000 cycles and is fully compliant to PAS-24 security standards. Unlike other locks on the market the mechanism automatically engages when the door is closed, with no need to lift the handle, for optimal security and to minimise movement.

INTRODUCING

AUTOFIRE

BY AVANTIS

Secured by Design

Official Police Security Initiative

A next-generation multi-point door lock from Avantis, that sets the new standard for domestic door security.

Developed with high quality, modern materials, Autofire delivers superior performance, enhanced security, complete compression and Smart security technology built in.

- Works seamlessly with Kubu Smart Security technology.
- Independent latches fire automatically when the door is closed, so there's no need to lift the handle before locking.
- Self-lubricating polymer on the latch face and in the keeps reduces operating forces, making it easier to use & longer lasting.
- Industry leading compression adjustment means you not only keep the bad guys out but keep the elements out too.
- Convenient in-built hold back latch, means you can close the door to, without locking yourself out!

CYLINDERS YOU CAN TRUST

Our Composite Doors are all fitted with a ABS 3* cylinder which are approved by the Police Security Association, passing with the Sold Secure Diamond grade- recognised as the highest security standard UK locks can conform to.

ABS cylinders feature advanced technology to combat against snapping, picking, drilling and bumping.

When attacked, a hidden pin within the hardened Molybdenum cam fires into action to create a barrier that would-be intruders can't get past.

£2000

HOME OWNER GUARANTEE

That means if an intruder breaks into your home as a result of snapping the cylinder, abs will pay £2000

*TERMS AND CONDITIONS APPLY

LOCK POSITIONING

STANDARD AUTO-FIRE LOCK

An automatic multi-point locking system featuring a four self-locking deadbolt latch to provide additional security

HERITAGE AUTO-FIRE LOCK

The aesthetics of a traditional rim latch positioning, but incorporates the latest high security auto-fire technology

KUBU SMART TECHNOLOGY AS STANDARD

BE SURE YOU'RE SECURE!

Kubu is an Intelligent Alerting System that monitors the security status of our door in real time - sending a notification to your Smart device if there is anything to worry about.

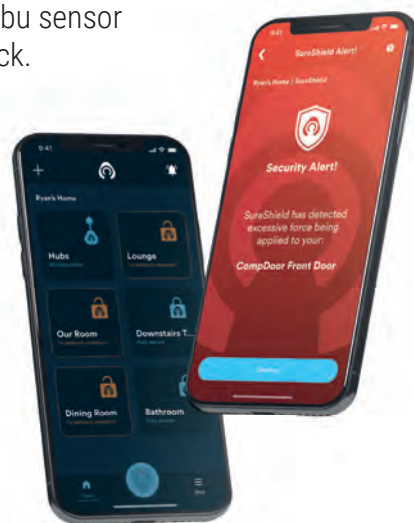

By seamlessly integrating with the locking hardware in your Composite Door, the Kubu sensor can tell if your door has been: opened, closed, deadlocked, or even if it is under attack.

Unlike most other systems, Kubu can alert you to threats before an intruder can breach your home, giving you an early warning and helping to keep your home & family safe.

Kubu integrates easily with other smart-home devices like speakers, heating, and lighting - making your entire home smarter and more secure.

If that's not enough, Kubu also ensures peace of mind by notifying you if you've forgotten to lock your door when you leave, can send scheduled alerts - like at bedtime - about your door's status, and even allows you to share updates with loved ones.

And best of all, Kubu is included for FREE with every composite door installation.

WHAT'S POPULAR

TRADITIONAL BESTSELLERS

WHITMORE

It's the most popular door style in the UK for a reason - because it works with just about every house type.

COASTAL BLU RANGE

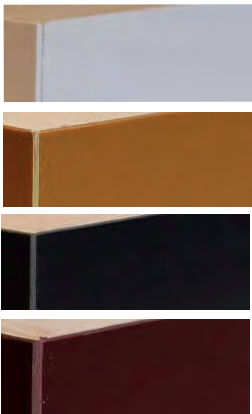

The Coastal range has been designed for enhanced performance and durability and are arguably the best quality on the market. The range is made from 316 marine grade stainless steel, compared to the industry-standard of 304, giving it the best long-term resistance to corrosion in coastal locations, supported by a 'best in class' lifetime guarantee.

INVISIEDGE COLOURS

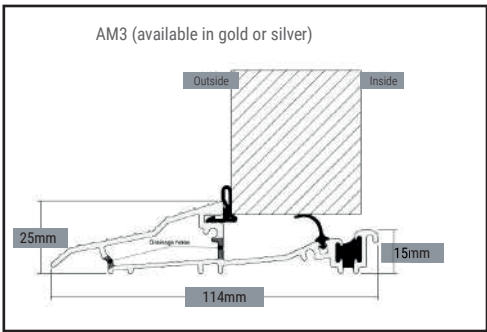

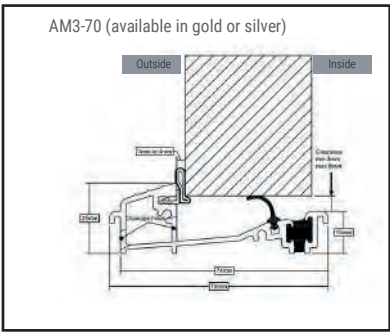

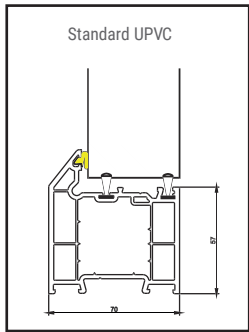

Our technically advanced InvisiEdge system gives a seamless colour edge to the door faces maintaining perfect aesthetics whilst ensuring up to 100%moisture resistance.

White InvisiEdge comes as standard. We utilise brown or caramel to compliment Rosewood, Oak and Irish Oak. Grey InvisiEdge compliments Anthracite Grey, Schwarzbraun and Black doors.

THRESHOLDS

Our three threshold choices include standard uPVC or two aluminium options.
